

Count by 5's Chant

by Beth Crumpler

Do chant in partners. Or, a fun advanced way is to make two circles. One circle is the outer circle and one is the inner circle. Outer circle moves clockwise. Inner circle moves counter clockwise. Students move while patting beat and chanting chant. As circles move everyone has a partner in front of them when students are supposed to give high five.

Chant this song to this beat tapped on thighs with hands.

Beat= Left, Right Right, Left, Right Right...etc.

(Do the beat four times before chanting)

(L, RR, L, RR, L, RR, L, RR)
